

7. **Damages Sustained:** If damages are reported, answer all questions from number 10 to 21. However, if no damages are to be reported, record this on the form with the name of the individual, contact number and, if applicable, the name of the business, and the source of information.
8. **Loss of Revenues:** Estimate the loss of revenues from the number of days that the business or individual was not able to operate any type of fishing operation immediately following a disaster. Estimates must exclude those reported on the damage to building, boats, equipment and merchandise.
9. **Comments:** If the Owner/Manager or Employee was not present during the assessment, please indicate that a visual assessment was performed or other any other information that may be of importance.
